A still life composition set against a dark, almost black background. The central focus is a vibrant red strawberry with its green leaves, partially encased in a soft, white, fibrous candyfloss. Scattered around the strawberry and candyfloss are several small, dark green, dried capers. The lighting is dramatic, highlighting the textures of the strawberry, the delicate strands of the candyfloss, and the bumpy surface of the capers. The overall mood is artistic and elegant.
